Over Story

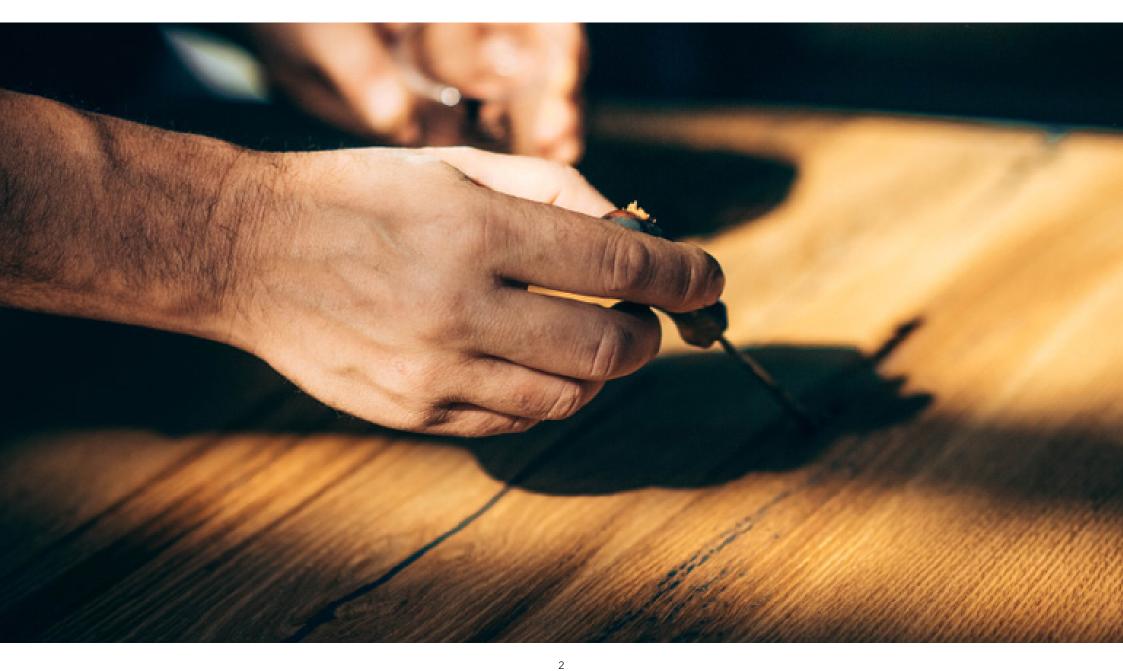

-STORY;
FROM THE
BEGINNING.

Saudi Geo was established in order to provide unique, unmatched, and highly sought-after construction, interior design, fit-out and project management services, offering our discerning clients the finest quality deliverables, executed at impeccable standards.

Our holistic approach enables Saudi Geo to effectively design, construct, oversee and manage high-end projects from concept-to-handover, ensuring that each output is meticulously tailored, highly customized and imita-tion-free.

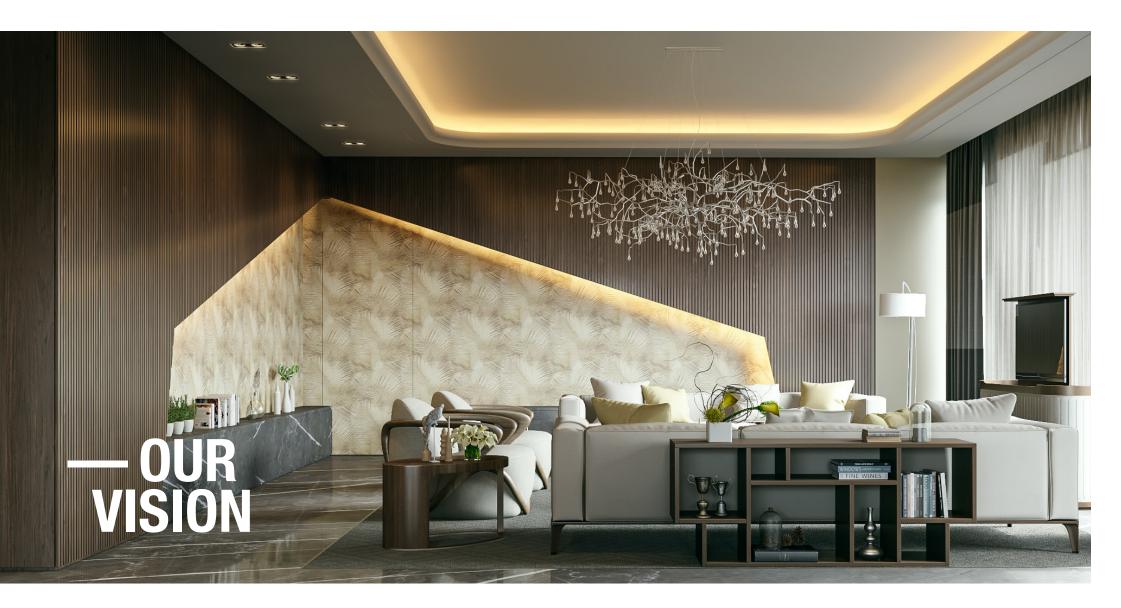

Adaptive and responsive, Saudi Geo's elite service provision allows us to be lifestyle partners as opposed to typical contractors. We enhance our customers' experiences through the application of superior standards, the development of creative solutions and consistent excellence in design.

"Our leading track record, and extensive industry experience and knowledge, have permitted Saudi Geo to maintain our exceptional market reputation for bespoke 'COUTURE CONTRACTING'

To be the premiere destination for "couture contracting" in the Kingdom of Saudi Arabia.

— OUR MISSION

To create bespoke design concepts, ensuring meticulous attention to detail, and providing the highest standards of excellence in service and quality of deliverables.

OUR -Divisions

Architectural & Interior Design

A leader in creative, avant-garde, exceptional design conceptualization and implementation, our primary purpose is to bring client's design visions to life. We create multiple visual renderings to ensure clarity and alignment between design and execution, providing elevations and perspectives from every angle, alongside accurate drawings that are implemented precisely, down to the minutest detail. We focus on creating expertly tailored Architectural and interior design solutions, executed with the greatest attention to detail, demonstrating our passion, commitment and enthusiasm for couture interiors that reflect

Construction & Fit-outs

Efficient, reliable, and impeccable level of service, executed by highly qualified and expert construction professionals, we serve to seamlessly implement the completion of high-end, luxury fit-out projects, by applying the highest industry standards, and focusing on time, quality and cost. Our turnkey construction solutions are comprehensive, allowing Saudi Geo to have full oversight and control from project inception to handover. We strive to continuously go above and beyond the remits of our scope, to ensure we add significant value and tangible results to every project we complete.

Furniture & Wooden Works

Dedicated to providing the highest levels of skilled expertise, creative craftsmanship, and best international standards of practice for every product we manufacture, and project we deliver. Our proficiency in understanding technical drawings and translating them into practical, beautifully manufactured products allows us to maintain our leadership position and our impeccable customization capabilities, ensure that our items are unique, individual and fit any specifications

Project Management

From the very beginning, Saudi Geo has been active in the successful management of complex projects. Our project managers have technical knowledge and project management capabilities that do matter. In a good set of soft skills, have the qualities to make complex projects with many stakeholders and requirements successful.

— OUR Methodology;

We deliver outputs that consistently exceed our client's expectations. We achieve these results through the stringent application of comprehensive policies and procedures, and by integrating leading planning tools, that enable effective management of project scope, cost and schedule. We regularly share data across all project stakeholders to achieve streamlined communication means, methods and materials in order to seamlessly realize project intent and design.
